FISH STORIES

I do not mind the scoters and the doubters when they say That I have stretched the truth about the fish that got away. For no one can be certain or sure enough to bet Of the size, in feet and inches, of the bass he didn't get; But it sets my blood to boiling and hot words with him I've bandied Who dared to doubt the stories of the whoopers I have landed.

EXAMINATION

Of Drafted Men To Begin Today—
County Exemption Board Will
Give Physical Tests in Government
Building—Twenty
to Appear Before
Board Today.

First examinations by the Mason County Exemption Board will begin today when registrant number 1 in the liability list will appear before the Board in the Government Building and undergo physical examination for the new national army. The first twenty in the list have been notified to be on hand, and from day to day others will report.

Each examination will be held separately and physicians, attorneys, relatives or other representatives will not be permitted to accompany the registered men into the examination room. After each man is examined he will be given a certificate of acceptance or rejection.

Men who are accepted after the physical examination will be given an opportunity to appear before the board, if they have claims for exemption on the grounds of dependent relatives, and obtain affidavits and exemption blanks.

Dr. J. H. Hutchins, in charge of the examinations, says that he will require an assistant, but as yet the doctor who will aid him has not been named.

The Exemption Board has received a large number of calls for exemption blanks, which indicates that a large number of exemption claims will be presented. It is not believed by the Board that Mason county's quota can be secured from the first 240 men were summoned on the first notification to appear.

Following are those who will be examined today:

Rector S. Cordray, Grove; Frazier, William H. Mitchell, Albert C. Savage, Charles W. McClanahan, Frank J. Seaman, George B. Malone, Charles Dixon, Samuel Johnson, R. H. Cole, Samuel O. Grimes, John R. Stevens, Arthur L. Halfhill, Louis B. Poynitz, Chester D. Hill, Labe Turner, Archie Oal Gullett, Bruce Haley, Thornton Breckenridge and Yancey Tuel.

GOVERNORS OF 16 STATES

To Meet at Confer on Coal Prices—
Mines May Be Seized—Attorneys
Say There Are Precedents
For Seizing Mines.

Chicago, August 7 — Initiative in calling a conference of the governors of 16 States at Chicago, August 16, for the purpose of taking concerted action to reduce coal prices, even to the extent of seizing the mines, was taken today by the Illinois State Council of Defense.

Governor Lowden has been in communication among others, with the governors of Ohio, Kentucky, Indiana, Michigan, Wisconsin, Iowa and Missouri, and they have agreed to join him in action to reduce the price of coal.

Operators have protested that the prices arranged at the recent Federal conference from \$2.75 to \$3.75 at the mine should not be disturbed.

Reporting behind closed doors to the State council, Levy Mayer, Chicago lawyer and chairman of the Council committee on law and legislation, told the council that the governor has the power to seize the coal mines and operate them if necessary, unless the operators agree to equitable prices for their output. Numerous citations were made supporting the constitutionality of the State taking over the operation of the mines.

The mine owners have retained counsel and have announced that radical reductions of prices will be followed by a series of petitions in court attacking both the legality of the action and the law creating the council.

The State to be represented at the conference, in addition to those mentioned, will be Tennessee, West Virginia, Pennsylvania, Minnesota, Illinois, Kansas, North Dakota, South Dakota, Nebraska.

NEW LENS ADVANCE

Canadian Army Headquarters in France, August 7—The Canadian troops around Lens have established a new line in a group of houses which is within a few yards of the enemy front line at that point. The Lens-Bethune road is now safely within our lines almost up to the city of Lens.

MARRIED AT LEXINGTON

Mr. Claude Matthews of Birmingham, Ala., and Miss Blanche Tamm of Winchester, formerly of this city, were married Monday at Lexington by the Rev. E. T. Edwards, minister of the Christian Church of that city.

Rev. A. F. Stahl left this morning for Kenton, Ohio, to visit his parents and to join his wife and family, who have been at Kenton for several weeks.

GETTING EVIDENCE

Against Slackers and Those Who
Have Been Making Treasonable
Remarks — Arrests May Be
Made in a Few Days.

County Attorney William H. Reese was quite busy with the Mason County Exemption Board yesterday getting evidence against the slackers in Mason county. So far there has only been located one person in Maysville who did not register. Most of those who failed to register have left town and the Board expects to have a little trouble in locating them. The evidence secured by Mr. Reese yesterday will be turned over to District Attorney Thomas D. Slattery for investigation.

It is understood that several from this city have been making utterances of a treasonable nature and their remarks will be investigated by District Attorney Slattery. It is said that one man in particular advised several who had to register not to appear for examination as they did not have to.

It is probable that some evidence of a very sensational character will be secured within the next few days and the guilty parties will be arrested. The penalty for treason is very severe, and may even be a death sentence.

FOOD BILL

To Be Voted on by Senate This Afternoon at 4 O'Clock—Both Advocates and Opponents of Measure Predict That Bill Will Pass Safely

Washington, August 7 — After another day's debate of the administration food control bill the Senate today reached a formal agreement by unanimous consent to finally vote tomorrow at four o'clock on the conference report which was approved by the house last week.

Both advocates and opponents of the legislation said tonight there was no doubt of the senate's approval of the conference report, probably by an overwhelming majority. Sending of the measure to President Wilson for his signature will be delayed until Friday because the House adjourned today until Friday and the final draft must be signed by presiding officers of both houses.

But few speeches are expected in the senate tomorrow before the vote. Administration leaders predict that there will be less than a dozen votes finally registered in opposition. Immediately after its disposition, it is planned to adopt the conference report on the first administration food bill, providing a food survey and appropriations to stimulate production. Little opposition is expected.

Discussion today in criticism of many features of the legislation and mostly by senators who expect to vote for the conference draft, apparently resulted in conviction among the opponents that further discussion would accomplish nothing.

The principal speech of the day was made by Senator Wedworth who said the good things in the bill outnumbered the bad ones, but protested elimination of the provision for a congressional committee to supervise war expenditures and predicted that the \$2 minimum wheat price fixing provision might not operate as its proponents believe. He urged cooperation between the legislative and administrative branches of the government and a greater degree of publicity of the conduct of the war.

The New York senator denounced the delay in the enactment of the first food bill as a breaking of faith by the government with the people.

Mrs. C. H. Parry of Chicago is visiting her sister, Mrs. Elsie Chitt of East Second street.

NEW CREAMERY FOR MAYSVILLE

Maysville Co-operative Creamery Company Files Articles of Incorporation — New Building To Be Erected at Corner of Second and Ninth Streets.

Maysville is to have a new creamery in the near future. The name of the new concern will be the Maysville Co-operative Creamery Company.

Articles of incorporation for the new concern were filed in the Mason County Court Monday. The stockholders are J. Elgin Anderson of Dover, H. Wadsworth Cole, Harry L. Walsh and A. D. Cole of this city. The capital stock is \$1,000.

The building for the new creamery will be built just as soon as the plans are completed and will be located on the southwest corner of Second and Sutton streets. It is thought that the plant will be in operation within the next few months.

All the men who are connected with the new company are well known in business circles here and their new project should be a success.

With two creameries in town, the Maysville Model Creamery and the new concern, there is no reason why the farmers of this and adjoining counties should ship their cream away to Cincinnati and other markets as there will be sufficient demand here for the entire supply.

PATRIOTIC CONFERENCE AT LOUISVILLE

Mr. H. C. Curran has received a letter from Mr. H. H. Cherry, President of the State Normal School at Bowling Green, stating that a big patriotic conference will be held in the Seelbach auditorium, Louisville, on August 17 and 18. This meeting has been prompted solely by patriotic motives and as a result of the patriotic interest of the National Council of Defense, which is making a noble fight for democracy. An earnest effort will be made at the conference to perfect organizations and to launch a public speaking campaign that will reach every home in the state. Mr. Cherry says that he is hoping for large delegations from Mason county. A supply of circulars giving information concerning the conference will be furnished to any one desiring same by Mr. Cherry.

The Maysville Assembly Club will entertain with their mid-summer dance at Beechwood Park Friday evening, August 10. Music by Smith's Saxophone Quartette.

"WOMANHOOD" COMING SOON

The big feature production, "Womanhood", has been booked for an early showing at the Washington Theater. Mr. S. P. Allison, advance man, was here yesterday arranging for an advanced showing of the picture to heads of various municipal organizations and critics. "Womanhood" is vastly different from the ordinary run of pictures and has had a phenomenal run at the larger play houses all over the country. It will be shown as the big feature on the opening day of the Indiana State Fair at Indianapolis next month. The managers of the Washington Theater are exceedingly fortunate in booking this splendid production.

FILED SUIT FOR DIVORCE

In the Mason Circuit Court yesterday Julius Sharp, through Attorney Frank P. O'Donnell, filed suit for divorce from Emma Sharp. In his petition Mr. Sharp states that he and Emma Sharp were married in this city on August 9, 1901, and continued to reside as man and wife until July 14, 1917, when he abandoned her. He states that defendant has been guilty of such lewd and lascivious behavior as proves her to be unchaste, and that she is not a fit person to have charge of their six children. He asks for absolute divorce, custody of their children and for general relief.

AMERICA'S FUTURE AT STEAK

At the end of three years of war the Kaiser tells his soldiers: "As our problems multiply so does our strength increase. We are invincible. We shall be victorious." Such boasting is a legitimate means of pumping resolution into wearying soldiers, but the Kaiser is consciously and wilfully dishonest when he speaks of his "righteous war of defense," when he denies ever having entertained schemes of conquest, and declares that the war is merely "indefense-of-a-free empire in which our children may live in security." The Germans were living in perfect security when in the spring of 1914 their conquest-thirsting war lords decided that the time had come to strike unsuspecting Europe with or without a plausible pretext. As far back as 1911 General Bernhardt contended that Germany must achieve "world-denomination or decline." Peace and security did not content the war lords, and after they began to run amok it became clear that not only Europe but the United States was in danger.

Secretary Lansing stated the manifest and simple truth when in the course of his recent address at Madison Barracks he said: "Let us understand once for all that this is no war to establish an abstract principle of right. It is a war in which the future of the United States is at stake. Every man who crosses the ocean to fight on foreign soil against the armies of the German Emperor goes forth to fight for his country and for the preservation of those things for which our American forefathers were willing to die."

According to the director of the United States Bureau of Mines fully 25 per cent. of this country's coal is wasted through inefficient use. And yet we know thrifty folk who sift their coal ashes and burn all but the dust a second time.

The Kaiser still claims that his fight is for "liberty and independence," but of course he privately understands this to mean liberty to dominate the world.

WARRANTS CHARGING TREASON ISSUED AGAINST ANTI-DRAFT RIOTERS IN WESTERN STATES

Oklahoma City, Okla., August 6.—Without waiting for a conclusion of the state's campaign against organized resistance to the selective draft in central Oklahoma, the United States government today moved to punish the 200 men under arrest in connection with armed opposition to military service. Warrants charging treason were served on the prisoners who were taken to the penitentiary at McAlester, or the jail at Muskogee to await trial at which United States District Attorney W. P. McGinnis will ask that the death penalty be imposed.

Announcement that extreme punishment would be asked was expected to aid materially in bringing to terms the few resisters still sheltered in the hills. Posses in three counties—Seminole, Hughes and Pottawatomie reported tonight that isolated groups refused to surrender but that they apparently were discouraged and seeking to avoid an encounter. Except for the fact that several agitators, regarded as leaders in the disturbance and dangerous to remain at large, are among those maintaining a show of resistance, the authorities would be inclined to let the bands break up, confident that the less important members could be arrested later.

Determination of the posse men to run down all of the leadeers was strengthened today by confiscation of half a freight car of dynamite which had been run on a siding southeast of Sackawa, in Seminole county. An investigation is being made to establish ownership. The car was unaccompanied.

Clashes between the resisters and the posse have cost three lives and numerous injuries.

MILITARY FUNERAL HELD FOR CHARLES FLEISCHMANN

Bay Shore, N. Y., August 5.—A military funeral was held here today at noon for Charles Fleischmann, student aviator in the navy flying corps who was killed Thursday night with George H. Witte, when the hydroplane in which they were flying collapsed. The ceremonies were attended by the young man's parents, Mr. and Mrs. Julius Fleischmann, of Cincinnati, and his fiancée, Miss Florence McGregor Sheldon, of Brooklyn.

Witte's funeral also was held today, but it was without military features, as he was not a member of the flying corps.

SICK WOMAN HAD CRYING SPELLS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Enhaut, Pa.—"I was all run down and weak inwardly. I had female troubles and nervous feelings and my head bothed me. I would often have crying spells and feel as if I was not safe. If I heard anyone coming I would run and lock the door so they would not see me. I tried several doctors and they did not help me so I said to my mother 'I guess I will have to die as there is no help for me.' She got me one of your little books and my husband said I should try one bottle. I stopped the doctor's medicine and took Lydia E. Pinkham's Vegetable Compound. It soon made a change in me and now I am strong and do all my work."—Mrs. AUGUSTUS BAUGHMAN, Box 86, Enhaut, Pa.

Why will women continue to suffer day in and day out and drag out a dreary, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

What Do You Want Your Boy To Be—An Officer on Good Pay, or a Drafted Private?

That your son will have to spend two or more years in the military service of his country, if he is between 14 and 18 years of age now, is a moral certainty. Some form of compulsory military service is sure to be required of every able-bodied youth, and when that time comes, what will your boy be? An officer on good pay, in command of a company or regiment; perhaps, a brigade or division? Or, will he have to serve as a private in the ranks because of his lack of military education?

In order to command, he must be trained to command. He must have had military education to qualify himself for an officer, just as he must have business training in order to succeed in the management of your business when you want to turn the reins of responsibility over to him.

Such military education can be had only at a military school. That military trained boys have an advantage is shown by the fact that at the numerous Officers Reserve Training Camps, more than half have had previous military school training. These are the boys who are forging ahead of their untrained comrades.

Believing in the military training youth, and to help do our "bit," we, the Thomas E. Basham Co., Incorporated, of Louisville, Ky., have determined to assist twelve young Kentuckians to get a military school education. The boys to be thus honored must have passed the seventh grade in school, be of good physique, high moral character and come recommended by at least two men of standing in his community.

This assistance will be in the form of 12 scholarships in The Columbia Military Academy, Columbia, Tenn., the South's leading military school. In this great war crisis, Columbia boys have shown a fine spirit of patriotism and won highest praises for their superior training.

No less than 26 of her boys were in training in the Chattanooga camps alone, to my nothing of the school's large representations at other camps.

No military school stands higher than Columbia or offers more advantages to the ambitious student. It is one of the few accredited schools whose graduates are admitted to West Point without further examination, as well as to the non-military colleges and universities of the country.

Its President is Dr. Ira Landrith, whose fame as an educator, lecturer and publicist is national. Col. O. C. Hulvey, the superintendent, stands in the forefront among military educators.

These two are assisted by a faculty of specially selected instructors of ability and character.

Columbia is a school where you can feel safe in sending your boy for the development of his mind, morals, and body. The plant and equipment are unsurpassed, representing a value of upwards of half a million dollars. Originally, Columbia was built by the United States Government for its own use, but later was donated for a school where boys could receive military instruction under army supervision. An officer of the United States Army has from the very beginning been stationed there, thus insuring military training in accord with government requirements and regulations. Because of the special terms of the government's gift of land and buildings to Columbia, it costs less to send a boy to Columbia than it does to other schools of like standard and the Basham Company's scholarships will reduce this still further.

In selecting boys for the Basham Co.'s scholarships, great care will be exercised, but for the right boys, it is an opportunity that rarely comes and one which cannot be duplicated.

Write us for further information, giving age, extent of schooling and other particulars.

KERENSKY RESPONDS TO CRY OF STRICKEN RUSSIA; WITH-DRAWS RESIGNATION

Petrograd, August 6.—Premier Kerensky has returned to Petrograd and withdrawn his resignation. He attended a ministerial meeting on Saturday evening and afterward conferred with various political leaders.

M. Kerensky has issued a manifesto in which he declares that he considers it impossible when the country is threatened with defeat without and disintegration within to refuse the heavy task again entrusted to him, which he regards as an express order from the country to construct a strong revolutionary government to carry out the principles already laid down. "At the same time," says the manifesto, "I consider it inevitable to introduce changes in the order and distribution of government work without allowing myself to be influenced by the thought that these changes will increase my responsibility in the supreme direction of the affairs of state."

By a vote of 147 to 46 a joint meeting of the executives of the Workmen's and Soldiers' and Peasants' councils confirmed the decision of the all night political conference of continued confidence in Premier Kerensky.

The Maximalists strongly protested and forty-two of the members of this party abstained from voting. The Duma committee also has confirmed the vote of confidence in M. Kerensky.

ERZBERGER IS PRESIDENT IN EFFORTS TOWARD PEACE

Geneva, Switzerland, August 5.—Deputy Mathias Erzberger, of the German Reichstag, according to the newspaper *Liberte*, of Freiburg, is carrying on the same intrigues and peace propaganda in Switzerland as were conducted previously by Prince von Buelow, former German chancellor. On Saturday, the newspaper says, he received calls from many neutrals here. His efforts to get in touch with representatives in Bern of the Entente Allies are said to have been unsuccessful so far.

GERMANS CIRCULATE SEDITIOUS CIRCULARS AMONG MEXICANS IN JAUREZ AND OTHER SECTIONS

El Paso, Tex., August 6.—Government officials learned today that Maurice Goldner, German consul in Chihuahua City, accompanied General Francisco Margula, commander of the northeastern military zone to Jaurez. A number of other Germans from Chihuahua City also came to Margula's special train, according to the governmental agents.

Reports from Chihuahua City say that the Germans there have been circulating printed propaganda saying that the United States was in the throes of a revolution and that the Mexicans and negroes and Germans and German sympathizers would aid this movement.

The circulars are said to have ended with an appeal to the Mexicans to prepare to strike to regain all Mexican territory lost to the United States. They also have been spread in Jaurez and among the Mexicans of El Paso, according to the local government officials.

WAR TAX BILL REPORTED TO SENATE

Washington, August 6.—The war tax bill was reported to the senate today as revised by the Finance Committee to meet the latest estimates for war expenditures.

The majority report was submitted Chairman Simmons, who explained that the committee's revision of the house bill was on the principle of raising revenues with the least burden upon the public. A substitute report with a substitute bill is expected from Senator La Follette, Senators Gore and Thomas also plan a separate report.

Sonator Simmons' report stated that a flexible scientific war tax superstructure had been constructed by the senate committee for the imposition of war taxes—the largest tax budget in American history—as well as for future tax increases declared probable. Income, war profits, liquor and tobacco tax increases, the majority report pointed out, form the nucleus of the revised bill.

TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Maysville

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing-down pains, lameness, backache, etc. Uric poisoning is also frequent cause of head-aches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Maysville woman tell of her experience. Mrs. J. C. Hays, 493 W. Second St., Maysville, says: "About six years ago, I suffered from a severe attack of kidney trouble. My back first became lame and ached dreadfully. Pains shot through it clear up to my shoulder blades. My kidneys were irregular in action, too. A few boxes of Doan's Kidney Pills, which I got at the Chenoweth Drug Co., helped me a great deal. My kidneys became normal and the pains left my back. I have used Doan's Kidney Pills for a similar attack since and they have proven satisfactory."

Mrs. Hays is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Hays had—the remedy backed by home testimony. 60c all drug stores. FORGET IT!

New York, August 5.—It is no more sinful to drink yourself into the gutter than to worry yourself into the grave. In the opinion of the Right Rev. Charles E. Woodcock, Episcopal bishop of Kentucky, who delivered an address here tonight at the Cathedral of St. John the Divine.

"People are getting life badly mixed up," he said. "They are shortening their lives by ten years by senseless worry. Worry weakens the heart and hardens the arteries. People are carried away by the mistaken idea that one can't live without worry. Worry is an evil. It destroys more than rum or vice. It is as sinful as drinking or gambling. It is a guilty, sinful and cowardly thing. It is always a personal weakness."

FINAL NOTE SENT TO GERBANY BY ARGENTINE GOVERNMENT

Buenos Aires, August 5.—Dissatisfied with the progress of negotiations with Germany growing out of the sinking of the Argentine steamer *Toro*, the Argentine government has broken off discussions that were being conducted with the German minister here and has sent a final categorical note to Berlin requiring a clear and final reply to the Argentine demands with in a reasonable time. The reply is expected within eight days. During this time it will be decided if relations with Germany shall be broken if the response from the German foreign office is a negative one.

REPRESENTATIVES OF ALL ENTENTE POWERS ARE PRESENT AT WAR COUNCIL

London, August 7.—A war council, the results of which may be momentous, started today. It was a continuation of the conference recently held in Paris. Many of the men most prominent in the conduct of the war participated in the conference which was presided over by David Lloyd George, British premier.

Among those about the council table were Premier Ribot and Minister of War Painleve of France; Baron Sonnino, the Italian foreign minister; A. J. Balfour, the British Foreign secretary, and Arthur Henderson and the other members of the British war cabinet. All the Entente Allies, in fact, were represented by either ambassadors, ministers or special representatives.

It is understood that the council started consideration in order of all the great questions involved in the war. It is desired to have perfect concert of action and to provide for every possible development so that there may be no friction. One of the big questions is the Balkans and another is the Russian situation. The part the United States will play in future development was discussed.

GIRL BROUGHT HERE FROM CINCINNATI TO BE TAKEN TO STATE ASYLUM

Little Breckenridge, colored, who formerly resided in the county and who was sent to the State Hospital for the Insane at Lexington some time ago, was brought to this city from Cincinnati yesterday afternoon by Dr. Mack of the Cincinnati branch of the Ohio Social Service Department. The girl was released from the State Hospital several months ago as her condition was somewhat improved and she went to Cincinnati to make her home. After going to the Queen City her condition grew worse and she was taken in charge by the proper authorities and ordered returned to this city. County Judge W. H. Rice yesterday communicated with the Superintendent of the State Hospital at Lexington about the girl and this morning one of the attendants arrived to take the girl back to Lexington, where she will be taken care of.

OUR COLORED CITIZENS

SMALL DAMAGE SUIT

Millard Hall filed suit in the Mason Circuit Court Monday for damages against George Hughes. Plaintiff states that he purchased a bunch of lambs from defendant for delivery on a certain date but that defendant failed or refused to deliver same; therefore he asks damages in the sum of \$420. He also asks \$50 additional damages from Hughes for failure of defendant to deliver a crop of wool.
